# Meeting the donor

## our impression

Rogue is a charismatic, outgoing, intelligent, and handsome new addition to the donor program. Standing at 6ft he has a solid build with broad shoulders and defined muscles. He maintains an active lifestyle and makes health and fitness a priority. He has a fair complexion that allows his dazzling large blue eyes to really shine. Rogue has a luxurious head of light brown hair that he always has styled and on point. He has symmetrical facial features that are highlighted by high set cheekbones with just a little rose color to them, full lips, straight white teeth, and a genuinely kind smile.

Rogue has completed his education obtaining a bachelor's degree in business and works as an investment analyst. In his spare time, he enjoys heading outdoors for hiking and backpacking, tinkering with circuit boards, and delving into a good book. He is easy to talk to and a natural conversationalist. Rogue strives to be the best at everything he tries, and we believe he will have a very successful future.
